INTEGRANET REVENUE
CYCLE MANAGEMENT
1900 NORTH LOOP WEST, 4TH FLOOR
HOUSTON TX 77018

To Whom It May Concern:

It is with great pleasure that I fully recommend to any prospective practitioner our billing company, IntegraNet Revenue Cycle Management. Approximately a year ago we made the difficult decision to switch billing providers due to the changes and depth of understanding that were needed following the implementation of ICD-10.

In making such a move, it was necessary for any prospective billing company to...

- a.) thoroughly understand the intricacies of the new billing regime and requirements that were implemented in 2015;
- b.) have the available resources and initiative to capture, through keen oversight, any potential missed billing opportunities; and
- c.) have the ability to execute a comprehensive plan of action to assist our staff through education and training so that as a practice we were able to maximize the various holistic revenue streams that we participate in.

As a result of the very reasons I just reiterated, and as a 25+ year tenured physician, I unequivocally recommend to any practitioner wanting to systematically and fully maximize their revenue to avail themselves of the benefit of engaging IntegraNet Revenue Cycle Management as their "Income Partner."
